CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

One of the Bible citations referring to Jesus says: "And he spake this parable unto certain who trusted in themselves that they were righteous, and despised others: Two men went up into the temple to pray; the one a Pharisee, and the other a publican. The Pharisee stood and prayed thus with himself, God, I thank thee, that I am not as other men are, extortioners, unjust, adulterers, or even as this publican. I fast twice in the week, I give tithes of all that I possess. And the publican, standing afar off, would not lift up so much as his eyes unto heaven, but smote upon his breast, saying, God be merciful to me a sinner. I tell you, this man went down to his house justified rather than the other: for every one that exalteth himself shall be abased; and he that humbleth himself shall be exalted."

A passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states, "To put down the claim of sin, you must detect it, remove the mask, point out the illusion, and thus get the victory over sin and so prove its unreality."

The pastor will bring the Palm Sunday message at 11:00 o'clock on the subject, "The Test of the Palms."

In the evening hour at 7:30 o'clock, Miss Ona King will relate her impressions of the Passion play which she saw it presented at Oberamergau and will show a reel of motion pictures. Special services will be held in the church next week, beginning Monday and continuing through Thursday evening.

The speaker on Tuesday and Wednesday nights will be Dr. Theodore Kemp, former president of Illinois Wesleyan University, and a forceful preacher.

The Rubbercraft Corporation, one of Torrance's oldest and most substantial industries, has recently issued a new catalog, showing the list of items manufactured at this plant. The list runs well over the 1000 mark, and includes such useful articles as tubing of all kinds, rubber bath mats, coin mats, 680-Soft pneumatic cushions, pistons, radiator hose, rubber balls, door bumpers, rubber sheeting and many others. Motion picture and theatre specialties are included, as well as rubber signs, tires, sporting goods, beach balls, decoys.
